

REALITY CAPTURE SERVICES

“From Strategy to Delivery, On Time Every Time”

ABOUT US

Virtual Asset Management (VAM) Global, a minority-owned Consulting firm that leverages our expertise and diverse technologies to support our global clientele. Our team of talented professionals with over 25 years of experience in the Federal/Local government and private sector are able to solve complex problems within industries such as Architectural/Engineering/Construction (AEC), Defense and Federal Civilian Agencies, Homeland, Geospatial, Public and Private sectors. We provide a suite of capabilities that includes Enterprise Portfolio Management, Logistics and Operational Management, Information Technology, Training Support and Reality Capture Services.

OUR MISSION

To aid governments, communities, and businesses in effectively digitizing real world assets that include buildings, geospatial areas, infrastructures, and products in order to support business growth, greener footprints, manufacturing reproduction, and better decision making

OUR VALUES

Creative, Leaders, Partners, Transparent, Solutions-Centered, Diverse.
